OTTO SCHUTZE, Observer, U. S. A.

S. HANSTEIN & Co., New York House, 15 Market street, are offering their entire stock of drygoods, clothing, boots and shoes, at New York cost.

A COMBUSTIBLE CARGO.--The Schr. Garrett P. Wright arrived here yesterday afternoon, from New York, with the following combustible cargo: 125 tons of sulphur, 115 carboys of acid and 800 kegs of powder. We think it is a wonder that she arrived at all.

The cheapest stock of drygoods to be found this side of New York is at S. HANSTEIN & Co's New York House, 15 Market street.

WE LEARN, through our worthy Marshal that Castle street is now open and passable to Seventeenth street, being the eastern terminus of our city limits. All necessary grading and filling in is being rapidly pushed forward, and the early completion of this southern outlet will make Castle street the most desirable drive in this vicinity.

The only chance of getting a suit of clothing, shoes, shirts, &c., at New York cost, is to go to S. HANSTEIN & Co's, New York House, 15 Market street.

Mayor's Court.

His Honor W. P. CANADAY, Mayor, presiding.

Two white men charged with being drunk and disorderly, were required to pay the penalty and cost.

D. L. BRIT, charged with beating and threatening to kill his wife, was continued over until to-morrow, and required to give a bond of \$50 to keep the peace and for his appearance.

JACOB DENNIS, charged with stealing lead pipes from Mr. A. Oldham, was bound over to the Superior Court in the sum of \$100.

JNO. SCOTT was required to pay the penalty and cost for being drunk.

TO MAKE room for a large Fall stock we have reduced our prices, and are now selling our entire stock cheaper than the cheapest.

S. HANSTEIN & Co., New York House, 15 Market street.

If Prussia has any designs upon the throne of Spain, Contreras and his party of insurrection are doing their best to play into the hands of the Hohenzollerns. It is not very easy to explain on what ground of international obligation the German frigate pursued and captured the Vigilante, but it is perfectly obvious that any attempt on the part of a faction of rebels to make reprisals for the capture would compel the immediate intervention of Prussia in the middle of Spanish politics. The government at Madrid could not, even if it dared, repel such interference, because the destruction of German vessels in a Spanish port would be a perfectly sufficient proof that the government was not strong enough to protect the property of foreigners against violation. At the rate civil commotion is spreading in Spain, it would seem as if the chief governments of Europe would shortly be compelled to step in and protect by force of arms their subjects whose lives and property may be endangered in the general overthrow of authority. If the Republic finds itself reduced to seeing the foreigner interfere for the vindication of law in Spain, it will, we suspect, have a very slender chance of further existence.--New York Times.

Capt. Natt Atkinson, of Buncombe, has offered a premium of \$100 for apples at the Vienna Exposition surpassing those grown in the western part of this State.

Statesville has been proud of her brass band, but she must now go into sack cloth and ashes, because her brass band is no more. She has some consolation in the fact, however, that the old instruments have been replaced by a splendid set of silver instruments, costing nearly five hundred dollars, second to none in the State.

THE TOWN CRIER.

— Warm.
— Gold is 115½.
— Fans are useful.
— Pave the streets.
— Vote against the amendments.
— S. G. Hall continues to do fine printing.
— Squire Cassidey sat three hours on one little case yesterday.
— There is still room for a few more advertisements in the Post.
— Mr. J. T. James was out yesterday evening, writing up his Journal of the day's doings.
— 'Tis so long since we attended a concert, that we listen to hear the songs of the mosquitoes.
— Light showers, sunshine and shade, chase each other to-day, like the fiftful changes on the baby's face.
— The Raleigh Sentinel states that J. H. Harris will favor the amendments, and in the course of the article calls him "Mr. Harris." Humph.

WILMINGTON, N. C., July 28, 1873.
At a meeting of the Republican Executive Committee of New Hanover county, held this day, the following resolutions were adopted, to which the attention of the several township committees is called:
Resolved, That the Secretary be ordered to notify the several members of the County Committee, through the columns of the Evening Post, to apply to the Secretary of this committee for tickets for or against the proposed amendments to the Constitution, on or after Friday next, the 1st day of August.
Resolved further, That the committees in the several townships be notified that they are expected to see tickets furnished for their several townships for the candidates for township officers.

Nahant is to be the abiding place of Senator Sumner.

Baltimore's favorite regiment, the 5th Maryland, is now encamped at Cape May.

Governor Walker, of Virginia, and Mrs. Walker, are at the Stock on, Cape May.

A movement is on foot to suppress the gambling houses at Saratoga and Long Branch.

The races have contributed largely to the crowds at the Saratoga hotels, and landlords rejoice.

There are four or five hundred permanent guests at the Fort William Henry Hotel, Lake George.

Sea air is good for the complexion, but very bad for crimps and starched dresses--so the girls say.

Swampscott has an organization, called the Boston Croquet Club, composed of ladies and gentlemen of that city.

A young lady at Richfield created a sensation by driving a phaeton with a unicorn team of three Canadian ponies.

Cape May is threatened with a genuine nobleman--Duke Elitza, of Italy. He is to stop at the Columbia House, where a grand ball will be given him.

Sportsmen are numerous in the Adirondack region headed by Rev. Mr. Murray. Several parties of college students are holding encampments there just now.

A young gentleman at Saratoga boasts of having proposed to fourteen young ladies in one week. What they remarked in response to said proposals he saith not.

Gilmore's band is a great attraction at Saratoga. Its concerts are largely attended, and are one of the most pleasant features of every day life at the American Baden.

The saddest sight which a cultivated mind can dwell upon is a West Point cadet attempting to delude with soft speeches a New York society belle and imagining himself a "terrible flirt."

It is a noteworthy fact that the large summer resorts are going out of fashion. A house for the season in some quiet place or a trip to Europe are the correct modes of passing the heated term.

To smoke a pipe on the streets is no longer considered common and unclean, but, on the contrary, quite the reverse. The Prince of Wales does it, you know. If the fashion should extend to the Garden, what will be the feelings of the ladies who object to cigars.

To those who oppose advertising, on the ground that it does no good, the following statement will seem very ridiculous: The colored show bills which Barnum will use this year cost \$450,000. His small bills, circulars, etc., will cost \$50,000. His advertising in the newspapers will cost \$200,000. Total \$700,000, the whole of which is expended in printer's ink. What is the result of this tremendous advertising? Receipts exceeding \$10,000 a day, with a net profit of \$30,000 a week, \$120,000 a month, or \$840,000 for the entire season.

Judge Albertson is holding a special term of the Buncombe Superior Court.

Several persons and horses were stunned by lightning in Kinston during the recent severe storm that swept over that place.

STATE ITEMS.

Wilson is to have a new cemetery and a market house.
Colored Methodist are to have a big camp meeting near Kinston on the 31st.
A valuable Corundum mine has been found on the land of W. H. Carter, 18 miles from Asheville.

Mr. M. B. Joyner, who resides about five miles south of Louisburg, had a fine horse and mule killed by lightning on Friday.

A gentleman from Canada was in Iredell county last week prospecting for lands on which to locate some half dozen families.

In Milton the other day a child of a colored woman, named Maria Connolly, crawled into a tub full of water and was drowned while the mother was asleep.

The Raleigh News says: David Dickson, the celebrated Georgia cotton raiser, has accepted an invitation to be present at the coming State Fair and deliver an address.

A strange fish was caught in French Broad river near Asheville. It is thus described by the Citizen: "The fish, said to be of the Cat species, but combining the bodily shape of a Jackfish and Gar, with the bill of a Swordfish without the teeth, or an elongated goose bill. It weighed 13 pounds. It also looked like a Sturgeon, about the head, though its body was very much smoother. Its mouth was shaped quite like a Sturgeon, and was comfortably located about one-third the distance from the end of his bill to his other end. It bears no resemblance to a Cat. We think it is a cross between a Jackfish and a goose. It was about four feet long."

The Raleigh News says: The death of Rev. Burwell Temple, one of the oldest Divines in the State, occurred at his residence in this county, on Thursday night last. He was a Primitive Baptist, and for thirty years the editor of the organ of that Church published in this county. There was no man in the State who was more widely known than Mr. Temple, having a great many strong peculiar traits of character that not only endeared him to all that knew him, but gave him a reputation where he was not personally known. A sketch of his eventful life will doubtless be written by some one competent to the task.

The New Berne Times says: We are called upon to chronicle the sad deaths of the amiable wife and daughter of Dr. M. C. Hoyt, of Onslow county, late of this city. On the 5th inst. these ladies left this port on the steamship Terry, in company with the Doctor's son, Liston L. of this city, for a visit to their friends in Massachusetts. The daughter died in Winchester on the 15th, and the wife, at the same place, on the 17th inst. They were both apparently well when leaving here, but were attacked with Typhoid Fever and now are no more. This is a terrible blow to the Doctor, who is a gentleman of refinement, has a very large practice, and is highly respected in the section where he resides.

A Herald special, dated London 28th, says: "At Carthagenia, yesterday, the the Intrantigis, which had been flying above the fortress and ships in the harbor was replaced by the national flag in anticipation of trouble with the iron clad Mendez. The Munez had left the arsenal yard and anchored in the port ready for any movement; also the Numencia, Victoria and others. Today the iron clads accompanied by three steamers were to issue from the harbor, and if interfered with will fire upon the attacking vessels. A sanguinary naval engagement is expected. The Prussian and English consuls have received orders from their respective ministers to notify cruisers that the rebel ships are pirates and to treat them as such. The rebels threaten that if any vessel belonging to a foreign power interferes, to massacre every consul and foreigner in the city. Strangers are apprehensive, and are flying for their lives.

At Sing Sing on yesterday, while a draft of prisoners was being made for Auburn prison, the notorious Wes Allen, armed with a large knife, unlocked his cell and defied any one to approach him. When an attempt was about to be made to capture him, Allen pointed to a can containing about one pound of nitro-glycerine, and threatened to blow up the prison should any one molest him. The Warden, deeming discretion the better part of valor, left Allen behind the bars, in possession of his deadly instruments.

Prospectus for 1873.

SIXTH YEAR.

THE ALDINE,

An illustrated monthly journal, universally admitted to be the handsomest periodical in the world. A representative and champion of American taste.

NOT FOR SALE IN BOOK OR NEWS STORES.

THE ALDINE, WHILE ISSUED WITH all the regularity, has none of the temporary or timely interest characteristic of ordinary periodicals. It is an elegant miscellany of pure, light and graceful literature, and a collection of pictures, the rarest specimens of artist's skill, in black and white. Although each succeeding number affords a fresh pleasure to its friends, the real value and beauty of THE ALDINE will be most appreciated after it has been bound up at the close of the year. While other publications may claim superior cheapness, as compared with rivals of a similar class, THE ALDINE is a unique and original conception—alone and unapproached—absolutely without competition in price or character. The possessor of a complete volume cannot duplicate the quantity of fine paper and engravings in any shape or number of volumes, for ten times its cost, and then there are the chromos besides!

ART DEPARTMENT.

Notwithstanding the increase in the price of subscription last fall, when THE ALDINE assumed its present noble proportions and representative character, the edition was more than doubled during the past year, proving that the American public appreciate, and will support, a sincere effort in the cause of Art. The publishers, anxious to justify the ready confidence thus demonstrated, have exerted themselves to the utmost to develop and improve the work; and the plans for the coming year, as unfolded by the monthly issues, will astonish and delight even the most sanguine friends of THE ALDINE.

The publishers are authorized to announce designs from many of the most eminent artists of America.

In addition THE ALDINE will reproduce examples of the best foreign masters, selected with a view to the highest artistic success and greatest general interest, avoiding such as have been before the public in photographs, or copies of any kind.

The quarterly tinted plates, for 1873, will reproduce four of John S. Davis' inimitable child-sketches, appropriate to four seasons. These plates, appearing in the issues for January, April, July and October, would be alone worth the price of a year's subscription.

The popular feature of a copiously-illustrated "Christmas" number will be continued.

To possess such a valuable epitome of the art world, at a cost so trifling, will command the subscriptions of thousands in every section of the country, and will be the usefulness and attractions of THE ALDINE can be enhanced, in proportion to the numerical increase of its supporters, the publishers propose to make "assurance doubly sure" by the following unparalleled offer of

PREMIUM CHROMOS FOR 1873:

Every subscriber to THE ALDINE, who pays in advance for the year 1873, will receive without additional charge a portfolio of beautiful oil chromos, after J. J. Hill, the eminent English painter. The pictures, entitled "The Village Belle" and "Crossing the Moor" are 14x20 inches—each printed from 25 different plates, requiring 25 impressions and tints to perfect each picture. The same chromos are sold for \$30 per pair in the art stores. As it is the determination of the conductors to keep THE ALDINE out of the reach of the collector in every department, the chromos will be found correspondingly ahead of any that can be offered by other periodicals. Every subscriber will receive a certificate, over the signature of the publishers, guaranteeing that the chromos delivered shall be equal to the samples furnished the agent, or the money will be refunded. The distribution of this grade, free to the subscribers of a periodical, will mark an epoch in the history of art, and considering the unprecedented cheapness of the price for THE ALDINE itself, the marvel falls little short of a miracle, even to those best acquainted with the achievement of inventive genius and improved mechanical appliances. (For illustrations of these chromos see Nov. issue of THE ALDINE.)

THE LITERARY DEPARTMENT

will continue under the care of Mr. Richard Henry Stoddard, assisted by the best writers and poets of the day, who will strive to have the literature of THE ALDINE always in keeping with its artistic attractions.

TERMS:

FIVE DOLLARS per annum, in advance, with oil-chromos free. THE ALDINE will hereafter be obtainable only by subscription. There will be no reduced or club rate; cash for subscription must be sent to the publishers direct, or handed to the local agent, without responsibility to the publishers, except in cases where the certificate is given, bearing the fact-simile signature of Jas. Sutton & Co. AGENTS WANTED.

Any person wishing to act permanently as a local agent, will receive full and prompt information by applying to JAS. SUTTON & CO., Publishers, No. 58 Maiden Lane, New York.

THE FASHIONABLE SOUVENIR.

FOR THE HOLIDAY SEASON. This year will be THE SUPREMACY OF THE ALDINE.

Richly bound in morocco cloth, assorted colors, beveled boards, red edges, gilt on back and side—a truly royal volume—a gallery of fine art engravings that will be at once a great pleasure to the recipient, and a demonstration of the taste of the donor. There are about 200 plates, most of which could not be matched in size or quality in the art stores at a dollar each. They comprise designs by the leading painters and draughtsmen of day, giving the widest range of figure, animal and landscape subjects, combined with pure, light and graceful literature, edited by the poet scholar, Richard Henry Stoddard, forming a most attractive ornament for the parlor or library.

The TIMES will have no superior; it will be free from all appeals to vulgar and impure tastes, and may be safely admitted to every domestic circle.

AS A REPUBLICAN JOURNAL.

The TIMES will be devoted, as in the past, to an intelligent and firm support of the Republican Party. Its course in reference to the Tammany Ring, at a time when all the other daily papers in New York obstructed and discouraged its efforts, attests its sincerity in the cause of Reform. The Times stood alone in demanding Reform from 1869 to the close of 1871, and there is no sincere and honest proposal for Reform, in any branch of the Government, which will not be heartily supported by the Times. But it will not conspire in assisting ambitious politicians or demagogues to reach power under false pretenses. It will not encourage defection from the Republican Party, which is still the party of progress, security and national prosperity.

THE NEW YORK SEMI-WEEKLY TIMES

Is published every Tuesday and Friday, and contains all the agricultural and literary matter of the Weekly edition, and a full and careful compilation of editorial and news features of the Daily.

We especially call the attention to the following testimonials of the Paint: C. P. Knight, Esq.—Dear Sir: I have used Bradley's Patent Enamel Paint on my dwelling last Spring, and am much pleased with it, and it looks as well now as when first painted, and consider it a good Paint. Yours, truly, A. H. STRASSBAUGH. Crewell P. O., Hartford county, Md., Feb. 6th, 1873.

THE PLAINS, FAUQUIER CO., VA., Feb. 6th, 1873. Mr. C. P. Knight—Sir: The Paint came safely to hand as ordered—two kegs, five gallons each, and three buckets, one gallon each. As practice was slack, I did the job myself, and it is now generally conceded that for enamel-like hardness, and body, and harmony of colors, there is not a handsomer job in the place. I saved sixty-five dollars by the operation, which is an item just now with Southern people. It should be generally adopted in this State. Any country had can apply it. I have never dabbled in such stock as testimonials, but I feel so forcibly the great adaptability of your "Enamel Paint" to the wants of our people, in excellency of material, in beauty of color, and in the fact of its being "ready mixed" that I give you free permission, (if it is desirable to you), to make what use you think proper of this letter. Very respectfully and truly, S. MCGILL, M. D.

TO THE PUBLIC.—It affords me much pleasure to state that in July, 1871, Front Street Theatre was painted inside and out with "Bradley's Patent Enamel Paint," for which C. P. Knight, No. 48 West Lombard Street, is agent, and, to testify to its superiority over any and all other paints for similar uses. In no private dwelling can paint possibly be subjected to the very severe test it undergoes at this establishment, where, during our daily cleaning, soap and soda are constantly applied to it, and yet it appears as sound and fresh as when put on. Of the numerous advantages it possesses over other paints, I will only mention its being mixed and ready for use in quantities to suit purchasers, its quickly drying properties, which saves much time in the execution of work were the objects on which it is used. As such I most earnestly recommend it to the merchants and tradesmen of our city, believing it will give them greater satisfaction than they can possibly anticipate. WM. E. BINN, Front Street Theatre, Chambersburg, December 10th, 1872.

Mr. C. P. Knight—Dear Sir:—The paints we received from you have been applied to several of our own buildings and to those of our friends, and have given entire satisfaction in covering qualities, in gloss, and in adaptability to all kinds of surface of material and we cheerfully recommend it, especially to that class of consumers who have to depend upon unknown parties, or painters to mix and furnish materials, wherein we have found the most deception. Yours, truly, JACOB STOUFFER & SON.

FROM HON. JOHN WETHERED.

Mr. C. P. Knight:—At the recommendation of a friend, I was induced to apply your patent "Enamel" paint to my house. I have pleasure in stating that it has proved highly satisfactory, covering more surface than you promised, more economical, carries better gloss than ordinary paint, and is freer from disagreeable odor. Yours, Respectfully, JOHN WETHERED.

BALTIMORE, December 27th, 1871.

C. P. Knight, Esq., Agent for Bradley's Patent Enamel Paint—Dear Sir: The paint we purchased from you will certainly endure as long as any of any kind we have ever used; its covering qualities is everything desired, drying promptly and with a hard gloss which must, we think, resist the action of all kinds of weather. This is our experience, and we can recommend it with certainty, and intend to use it on all occasions where we desire a good job of work. Very Respectfully,

EMART & QUARTLEY, 270 W. Baltimore St. House, Sash, and Window Painters, PLEASANTVILLE, HARTFORD CO., MD. Mr. C. P. Knight—Dear Sir:—I am very happy to inform you that your "Patent Enamel Paint" has given entire satisfaction. I prefer it to any paint I have ever seen used, and recommend it for durability and beauty as paramount to any other. Very Respectfully,

C. P. KNIGHT, Sole Agent, No. 93 W. Lombard Street, Baltimore. Specimens and price list can be seen at this office. march 4—240-tf

'Unquestionably the best sustained work of the kind in the World.'

Harper's Magazine.

NOTICES OF THE PRESS.

The ever-increasing circulation of this excellent monthly, proves its continued adaptation to popular desires and needs. Indeed, when we think into how many homes it penetrates every month, we must consider it as one of the educators, as well as entertainers of the public mind, for its vast popularity has been won by its appeal to sturdy prejudices or depraved tastes—Boston Globe.

The character which this Magazine possesses for variety, enterprise, artistic wealth and literary culture that has kept it at the head of its kind, should cause its conductors to regard it with justifiable complacency. It also entitles it to a great claim upon the public gratitude, for its Magazine has done good and not evil all the days of its life.—Brooklyn Eagle.
